

Aufgabe1:

Code

The screenshot shows the VS Code editor with a project named 'SWP_KLASSE_2'. The Explorer sidebar on the left shows a file structure with 'Aufgabe 1' containing 'Aufgabe1.docx', 'Aufgabe1.pdf', 'index.html', 'script.js', and 'style.css'. The main editor area has three tabs: 'index.html', 'script.js', and 'style.css'. The 'script.js' tab is active, displaying the following JavaScript code:

```
1 function addNumbers() {  
2   const num1 = document.getElementById('num1').value;  
3   const num2 = document.getElementById('num2').value;  
4   const resultElement = document.getElementById('result');  
5   const errorElement = document.getElementById('error');  
6  
7   if (!isInteger(num1) || !isInteger(num2)) {  
8     errorElement.innerHTML = "Bitte gerade Zahl eingeben";  
9     resultElement.innerHTML = "";  
10    return;  
11  }  
12  
13  const sum = parseInt(num1) + parseInt(num2);  
14  
15  resultElement.innerHTML = "Das Ergebnis ist: " + sum;  
16  errorElement.innerHTML = "";  
17  
18  function isInteger(value) {  
19    return !isNaN(parseFloat(value));  
20  }  
21  
22  
23  
24

```

At the bottom right, there are two notifications from 'Source Live Server': 'Server is started at port: 5500' and 'Server is now offline.' Both have a 'Don't show again' button.

The screenshot shows the VS Code editor with the same project. The Explorer sidebar is the same. The main editor area has three tabs: 'index.html', 'script.js', and 'style.css'. The 'index.html' tab is active, displaying the following HTML code:

```
